BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 63-34500

PETITION FOR RECONSIDERATION

Permitholders Victor U. Hofstetter and Dana L. Hofstetter (hereinafter "Petitioners")
hereby file this Petition for Reconsideration in the above-referenced matter. Petitioners
respectfully request reconsideration of the following matters:

1. Revision of Permit No. 63-34500 Condition #5 to clarify that this condition is
only intended to apply to the irrigation use, by the addition of language such as the following:

This right when combined with all other rights shall provide no more than 0.03 cfs per
acre for irrigation nor exceed a combined annual maximum diversion volume of 17.1 af
at the field headgate for irrigation of the place of use.

2. Deletion of Permit No. 63-34500 Condition # 8 as it is unnecessary, ambiguous and could cause confusion with respect to the existing use of Farmer's Union Canal Company water rights from the same pond.

DATED THIS 21st day of June, 2018.
