If Yes: From Use _____ To Use _____ Amount _____ CFS _____ AFA _____

H. NARRATIVE/REMARKS/COMMENTS

DOMESTIC USE: Assessor information per: ArcMap (2017) and Ada County, listed Charles & Joy Roberts are current owners of property. Parcel S0230434975. Tax Assessment listed 5 acres of irrigated AG so the license will be for 4.5 acres. Application states the well will have a 7.5 HP pump which is sufficient to pump the amount of water licensed. Point of diversion is a ground water well, tag # D0077281. This well was drilled in 2017 but no well log was found. Permit listed two (2) points of diversion but application stated they were drilling a new well. Map was sent to permit holder to identify location of well.

Re: Permit No. 63-34268

Dear Jean Hersley,

Included is the map attached to your email with an X roughly at the irrigation well site. I have also included a second map taken from the IDWR website that shows the exact location of the well. When I filled out the application for the permit I was advised to put in two possible points of diversion just in case one didn't work out so I wouldn't have to apply for a permit all over again.

Our property is 5 acres total, the 4.5 acres on the permit is the portion of the property that can be irrigated so I've already removed the half acre for the buildings and pavement.

Let me know if you have any other questions.

Sincerely,

A handwritten signature in cursive script that reads "Charles Roberts".

Subject: point of diversion for water right permit 63-34268

Mr. & Mrs. Roberts,

The Idaho Department is in the process of reviewing water right permit 63-34268 for licensing. This permit qualifies for an in-office field exam (IDAPA 0.35.02.r) due to it having irrigation use of less than 5 acres. On your application, you stated you would be drilling a new well and using that well for the diversion of this right. Your permit lists two points of diversion, one of which, I assume, is the well you replaced. I have attached a map of your water right. Would you please print the map and mark where the point of diversion is located and return to me?

Also, your property has a total of 4.5 acres. The Department will be licensing 63-34268 for 4 acres to subtract for the house and driveway, which are you are not able to irrigate.

Please return the map within 10 days so the Department can continue licensing your permit. You can return the map by responding to this email, faxing to (208) 287-6700 or mail to: IDWR, PO Box 83720, Boise, ID, 83720-0098. Thank you.
