Dear Water Right Holders:

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water rights to you. The Department has modified its records based on the information received to reflect the change in ownership and has enclosed a computer-generated report for your records.

Your portion of these water rights has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under these rights, including adding a new point of diversion, then an Application for Transfer on your portion of these rights is required. Please contact this office for further information on the Application for Transfer form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water rights, then no further action is required at this time.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Also note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within **120 days** of the change.

Please feel free to contact me at 208-287-4920 if you have any questions concerning the enclosed information or this letter.

Sincerely,

Debbi Judd

Dear Water Right Holder:

We have received and processed a Change of Ownership for a portion of your original Water Right as referenced above. This change of ownership resulted in a split of your original water right.

When a portion of the original water right has been conveyed to another and the original right has been split, a new water right number is issued to the new owner representing their portion of the original water right. Each water right contains only the portion of the original right for each separate owner. The original water right number reflects your remaining portion of the water right after the change of ownership. Enclosed is a copy of this water right for your records. Please refer to your water right number when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

If you have any questions concerning this ownership change or the enclosed information, please contact me at 208-287-4920.

Sincerely,

Debbi Judd

RE: Ownership Change Water Rights: 78-243, 78-244, 78-245, 78-246, 78-247, 78-248,
and 78-10104

Dear Property Owners:

The Department of Water Resources acknowledges receipt of your Notice of Change of Water Right Ownership for water rights 78-243, 78-244, 78-245, 78-246, 78-247, 78-248, and 78-10104. After reviewing your request, it was determined additional fees will be needed to complete this request as these water rights will need to be split due to the place of use for these water rights covers property you do not own. I have enclosed a map for your benefit.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. The Department has determined that the additional filing fee for your notice will be **\$525**.

Because the Department cannot process the ownership change without proper fees, we will hold any action on your notice pending receipt of the necessary fees. If we do not receive the necessary fees within 30 days the Department will we will return your notice with all attachments and your notice will not be processed.

Please contact me at 208-287-4920 if you have any questions.

Sincerely,
