RE: Change in Ownership Water Right No. 34-330L

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Additional Information/Evidence of Ownership/Map:** As per our phone conversation the water right place of use of 34-330L is partially located on the neighbors property and a portion of the neighbors water right is on your property. You have a few different options please respond with one of the following. 1. You can file for a split of both 34-330L and 34-330K with an additional filing fee of \$175.00. Another option would be for you to file a release for 34-330K for Taylor and have Taylor sign a release for 34-330L and send in a map correcting the place of use of the water right. As long as the place of use does not go outside the quarter quarter you can accomplish the change without a transfer.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
