Re: Comment/Analysis

Comment/Analysis
6/22/2018

Lower Payette Ditch Co. proposes to expand their service area boundary. Water rights involved are 65-165A, 65-165B, 65-165C, 65-165X, 65-7425, 65-7428, 65-7848, 65-7882, 65-7885, 65-11413, and 65-12279.

Authority to File:

Ownership for all water rights involved are currently owned by Lower Payette Ditch Co. The proposed place of use is not and does not need to be owned by the applicant because they are an irrigation company. SPF Water Engineering is representing the applicant.

Water Right Validity:

No concern of water right validity as this is a irrigation company.

Injury to other Water Rights:

Proposed POU overlaps with several water rights owned by other parties. POD's do not change. The change seems acceptable. No concern of water quality or mitigation. It is not in a groundwater management area.

Enlargement of Use:

The conditions of the water right prevent enlargement.

Local Public Interest:

Comment will be requested from the Western Regional Office and Water District #65. The transfer will be advertised to allow public comment.

Beneficial Use/Conservation of Water Resources:

No change in the beneficial use proposed.

Effects on Economy of Local Area:

None anticipated

Effect on Agricultural Base of the Local Area:

None anticipated

Subject: Application for Transfer

Dear Angie,

Enclosed on behalf of Lower Payette Ditch Co. (LPDC) is an *Application for Transfer* proposing an expansion to their service area boundary.

Check No. 20596 for \$1,060 is enclosed for the filing fee. The fee was calculated based on the following:

LPDC combined water right limits – 392.44 cfs and 11,870 acres

Additional area to include – 216 acres

Fee amount – $216 \text{ acres} / 11,870 \text{ acres} \times 392.44 \text{ cfs} = 7.14 \text{ cfs} = \$1,060$

Thank you very much for your consideration and assistance in this matter. Please call me if you have any questions.

Sincerely,

Lori Graves
