MEMORANDUM

TO: Water Rights Section
FROM: John Homan 
DATE: May 13, 2015
RE: Exemption from Fees – Idaho Water Resource Board

Idaho Code Section 42-1734 (6) provides that the Idaho Water Resource Board (“Board”) filings and appropriations of water or water rights owned or claimed by the board shall be made in the same manner and subject to all the state laws relating to appropriation of water. The section goes on to create an exception for the Board from paying fees for its appropriations.

There are several methods of calculating fees based on quantity of water under Idaho Code Section 42-221 (A). The initial filing fee to appropriation water described under Idaho Code Section 42-221 (A) appears to fall squarely within the exemption set out in Idaho Code Section 42-1734 (6). In addition to the exemption from the initial filing fee to appropriations water by the Board, Idaho Code Section 42-1734 (6) also includes the language that exempts the Board from paying fees associated with “any water rights owned or claimed by the board”. Given the expansive language of Idaho Code Section 42-1734 (6), the Board is exempt from all fees pertaining to the appropriation of water.

Although the Board may be exempt from paying fees associated with its filings and ownership of water rights, the Board should be required to pay protest fees or other fees not related to its own water rights.
