CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **July 01, 2020**.
2. Subject to all prior water rights.
3. The quantity of water under this right shall not exceed 13,000 gallons per day.
4. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 11F.
5. Upon specific notification by the Department, the right holder shall install a lockable device of a type acceptable to the Department in a manner that will provide the watermaster suitable control of the diversion.
6. Stockwater use is for 200 cattle.

State of Idaho
Department of Water Resources
Permit to Appropriate Water

NO. 11-07839

7. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code.

Signed this 13th day of June, 2018.

JAMES CEFALO

Water Resources Program Manager
