Re: Change in Ownership for Water Right No(s): 73-192, 73-7041, 73-10055, 73-10056 and Water Right Permit No. 73-12258

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4942.

Sincerely,

A handwritten signature in cursive script that reads "Jean Hersley".

I believe that was a copy - probably didn't have a water mark. I believe I came across the original when we received the closing papers (after I submitted the notice of change in ownership paper). I'll get it in the mail to you as quick as possible. Can you provide your address? Thank you. Dean Morgan

I am in the process of reviewing your request to update ownership on water right permit 73-12258. On the Assignment of Permit you sent, it is difficult to tell if this is the original assignment or a copy. Can you provide the Department with the original if this is not it? I have attached the image to this email. Thank you.
