EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Subject: RE: Transfer 82197 Approval

Greg,

I took a look at this transfer. It looks like we approved the transfer with an incorrect place of use in Section 6 for all of the rights except right 47-12242. The incorrectly identified place of use in Section 6 is...

7 acres in the NESW and 18 acres in Lot 6 (NWSW)

When it should have been...

8 acres in the NESW and 17 acres in Lot 6 (NWSW)
(As listed on Part 1 of the application).

I have signed a new transfer approval that has the correct place of use for Section 6 on all of the rights. We will be mailing it out to you and the applicant.

With regards to the possible point of diversion change, a new transfer can be filed to address this item if desired. Note that it would only involve the right(s) needing changed.

Jim and Corey,

Regarding Transfer 82197 approval .

Can you please take a look at the PPU acre amounts in Sec 6 NESW and NWSW? I am not sure why but the acre amounts listed in the PPU for WR 47-12269 are different than all of the other water rights. We would be fine with having 7 acres in the NESW and 18 acres in the NWSW listed out in all of the water rights.

Would it be possible to also correct the 3 POD descriptions under 47-12269 to identify the 3 wells in Section 6 instead of Section 12? I know that we did not ask to change the PODs in the transfer application but I think this needs to be updated if we can.

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Re: Legal Notice Not Required

Legal Notice Not Required
3/15/2018

Pursuant to Section 42-222, Idaho Code, the Department has discretion to provide public notice as deemed appropriate. The water right changes proposed through this transfer application do not appear to change the effect on the original or hydraulically connected water source or affect other water rights. Therefore, staff review of the transfer application found no cause to require public notice. This application will continue processing without advertisement and be forwarded for approval consideration.

Transfer proposes to modify the POU of contiguous land, so advertising is not required.

MEMORANDUM

Date: March 15, 2018
To: Evard, LLC transfer #82197 file
From: Jim Bitzenburg
Re: Evaluation of Sufficiency of Information Submitted

Application for transfer proposes to modify the place of use (POU) for three Goat Springs Creek and four ground water irrigation rights which currently irrigate 915.9 acres within a 2091.0 acre Permissible Place of Use (PPU) located approximately 1.1 to 3.0 miles east and 1.0 to 3.2 miles south of Hollister. The transfer will add 40.0 contiguous acres to the PPU, and as a result, 915.9 acres will be irrigated within a 2131.0 acre PPU.

The proposed transfer involves modification of lands contiguous to the existing POU, so advertising was not necessary.

- **Authority to File:**
The Department's database indicates that the water rights involved are owned by the applicant, Evard, LLC. The application was signed by Reed Gibby, the manager of Evard, LLC. See attachment from the Idaho Secretary of State office, *Annual Report Form*.
- **Water Right Validity:**
Based on aerial imagery, forfeiture of the irrigation right does not appear to be an issue.
- **Injury to Other Water Rights:**
None anticipated or foreseen. There are no acre limit, flow rate, or volume increases involved with this transfer.
- **Enlargement of Use:**
None anticipated.
- **Local Public Interest:**
No issues anticipated.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.
- **Effect on the Economy of the Local Area:**
None Anticipated
- **Effect of the Agricultural Base of the Area:**
None Anticipated

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

Re: Summary of transfer

Application for transfer proposes to modify the place of use (POU) for three Goat Springs Creek and four ground water irrigation rights which currently irrigate 915.9 acres within a 2091.0 acre Permissible Place of Use (PPU) located approximately 1.1 to 3.0 miles east and 1.0 to 3.2 miles south of Hollister. The transfer will add 40.0 contiguous acres to the PPU, and as a result, 915.9 acres will be irrigated within a 2131.0 acre PPU.

The proposed transfer involves modification of lands contiguous to the existing POU, so advertising is not necessary.

The proposed transfer is not located within a Water District, so no Watermaster comments will not need to be solicited.

FEE MEMORANDUM

Date: March 14, 2018

From: Jim Bitzenburg
Re: Receipting/disposition of fees paid

This transfer was filed on 2/26/2018 by Brockway Engineering with a fee of \$1780.00 submitted (check #14534, receipt #S036605). From the Transfer Processing Memo #23 regarding fees, the fee was calculated in the following manner. Since 40 acres are being added to the PPU, we calculate the amount of each right that could be irrigated within the additional 40 acres. The following chart summarizes the calculation:

47-12269	$40/580.0 \times 1.30 \text{ cfs} = 0.09 \text{ cfs}$
47-12257	$40/734.9 \times 4.50 = 0.25 \text{ cfs}$
47-2153	$40/48.0 \times 0.96 = 0.80 \text{ cfs}$
47-12277	$40/540.9 \times 3.66 = 0.27 \text{ cfs}$
47-2047	$40/190.0 \times 3.8 = 0.80 \text{ cfs}$
47-2285	$40/185.0 \times 3.66 = 0.79 \text{ cfs}$

The total flow rate being changed, therefore, is 3.00 cfs, and from the transfer fee schedule, the fee should actually be \$660.00. I emailed the State office today to initiate a refund of the \$1120.00 overpayment.

EVARD LLC

BURLEY ID 83318

Dear Applicant:

A transfer in the name of Evard, LLC was received in our office on February 26, 2018. The transfer proposes modifying the place of use for irrigation rights 47-2153, 47-2285, 47-12257, 47-12242, 47-12277, 47-2047, and 47-12269. After a review of the application, several items need to be addressed that currently prevent its processing, so we are returning the application to you. If the application is not resubmitted, with the issues addressed, within 30 days of the date of this letter, the application fee will be refunded.

- The letter of consent to the transfer from the lienholder (Northwest Farm Credit Services) was not included with the transfer application. Responses to the questions on the form are one of the Requirements for an Acceptable Application for Transfer, listed in Transfer Processing Memo #24, available on the Idaho Department of Water Resources website. Without the consent letter, processing of the application cannot commence.
- On page 3, Part 1, B. 1, the total authorized under the rights shows 16.92 cfs, and I calculate the total at 14.22 cfs, based on the total of the combined flow rate of the ground water rights (7.46 cfs), surface right 47-2153 (0.96 cfs), surface right 47-12257 (4.5 cfs), and surface right 47-12269 (1.3 cfs). Please review your figures and let me know if you agree.
- In addition, you paid the fee based upon the entire flow rate, and it seems more appropriate to calculate the fee based upon the flow rate of the amount of each water right being changed. By doing this, the fee will be much lower, \$660.00, instead of the \$1780.00 submitted. Since 40 acres are being added to the PPU, we calculate the amount of each right that could be irrigated within the additional 40 acres. The following chart summarizes the calculation:

47-12269	$40/580.0 \times 1.30 \text{ cfs} = 0.09 \text{ cfs}$
47-12257	$40/734.9 \times 4.50 = 0.25 \text{ cfs}$
47-2153	$40/48.0 \times 0.96 = 0.80 \text{ cfs}$
47-12277	$40/540.9 \times 3.66 = 0.27 \text{ cfs}$
47-2047	$40/190.0 \times 3.8 = 0.80 \text{ cfs}$
47-2285	$40/185.0 \times 3.66 = 0.79 \text{ cfs}$

The total flow rate being changed is 3.00 cfs, and from the Transfer Fee Schedule on the IDWR website, the fee should be \$660.00. When you re-submit the application, I will initiate a refund of the extra \$1120.00 from the State office.

Because the "Send original correspondence to the applicant and copies to the representative" box was checked on page 2, I am requesting the email address of the applicant so that I may include you in email correspondence.

If you and/or you representative would like to set up a time to discuss these issues in our office, feel free to give me a call or email, and we would be happy to arrange a meeting. As mentioned earlier, if you do not resubmit the application with the requested information within 30 days of the date of this letter, I will contact the State IDWR office and initiate a refund of your filing fees.

Sincerely,

Re: Evard LLC

Dear Mr. Skinner:

Evard LLC desires to update the irrigation place of use for water rights 47-2153, 47-2047, 47-12277, 47-2285, 47-12257, 47-12269 and 47-12242. Only the location of the irrigation place of use will be changing with this transfer. All other beneficial use locations will remain unchanged. The authorized PODs, beneficial uses, period of use and ownership of these water rights will not be changing.

Warranty Deeds for the additional property to be included into the permissible place of use has been attached to this letter. Only 915.9 acres will be irrigated annually on this farm.

A letter of consent has been requested from Northwest Farm Credit. As soon as the consent letter is received it will be forwarded to the Idaho Department of Water Resources.
