Yes just update the Jay D address to the 141. Back a couple weeks ago when you asked me about the address associated with my dad Jay D I went ahead and asked him to update his new address associated with his water right. What happened was a few years ago the county or postal service changed everything on that rural mail route to physical addresses instead of H/C addresses. Please leave the new application for water right the same P.O Box 872.

Thanks

Richard

Hi again Richard,

I was hoping you could clarify something for me. We received a change in address form (I've attached a copy of it) listing both Jay D and Richard Giampedraglia with a new address of 141 River Drive. Should we update both of your addresses to 141 River Drive? Or is that just the new address for Jay D?

Even though you are both listed on water right 72-7081, we maintain separate records for each individual owner in our computer database, so we can have separate addresses for each of you and that way you will both receive any correspondence related to the water right.

I recently updated your address in our database to PO Box 872 based on your pending application for permit, so just let me know if I should leave yours as is or change it to 141 River Drive.

Thanks!

Allison

Allison,

I believe my name is on one that actually belongs to my father (Jay Giampedraglia). That address is his.
