WATER SUPPLY BANK LEASE CONTRACT NO. 793

ADDITIONAL CONDITIONS OF ACCEPTANCE

1. The water rights referenced above will be rented from the bank at the current rental rate.
2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.
3. While a right is in the bank, the lessor may not use the right without approval of the Department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B.
4. A right accepted into the bank stays in the bank until the Board releases it, or the lease term expires. A right may be released from the bank upon request, provided the Board approves the release. Unless approved by the Department, leased rights may not be immediately available for release.
5. While a water right is in the bank, forfeiture provisions are stayed pursuant to Idaho Code § 42-223(5).
6. Rental of water under this right is subject to the limitations and conditions of approval of the water right.
7. Failure of the right holder to comply with the conditions of acceptance is cause for the Director to rescind acceptance of the lease.
8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

WR's decreed in 2009, application to lease to the bank received Sept 2004 indefinite; in the bank from 2015-2017. Validity not an issue.

Because IWRB was renter for all 3 rights, a single application for lease to WSB was processed and a single contract was executed. The IWRB is committed to paying lease and rental fees on behalf of Storlie and Kaiser.

Entirety of the 3 WR's are offered to the bank.

Within WD75 - Salmon River. No concerns from region, nor from Watermaster.

Gotcha. In that case, we'll proceed in processing the lease/rental. Christine, please complete your preliminary review of the applications and set their status to "ready for review" if there are no other concerns that need to be addressed on the applications, aside from the filing fee.

If Sascha can transfer the lease filing fees to the Bank while we await the rental payments from BPA, that would be preferable—we set ourselves a follow-up reminder to request rental payments after you have been able to invoice BPA.

Remington,

Yes, that is the case....we can't invoice for these until the water is actually instream aka leased and rented. It's not a lot of \$\$ so I was going to ask Sascha if we could cover the fees until we receive payment from BPA. However, if you can process it we can then invoice as soon as those documents are uploaded to BPA. We typically receive payment within 30 days.

Amy,

Is an approved lease/rental necessary in advance of your obtaining BPA funding? If so, we can process the lease and rental and petition the IWRB for repayment after the fact. Else, as Christine outlined, our standard practice is to hold applications until funds are provided.

Please advise,

Remington

AMY,

Thanks for the update on these leases.

The leases processing will be on hold until the funding from BPA takes place.

Please notify me when the BPA funds arrive for Mr. Storlie's lease applications.

Thanks

Christine

Hi Remington,

Yes, we have requested the funding from BPA and the transaction program will cover the lease and rental fees on Hat Creek.

Thanks,
Amy

Amy,

Can you please respond to this email to confirm payment is being requested and provided for the lease application filing fees for Erik Storlie's deposit of water rights for the IWRB's rental on Hat Creek?

Thanks,

Remington
