RE: Assignment of Application for Transfer No.: 78298 (*formerly numbered 76355*)

Water Right No.: 36-3E

RE: Application for Permit No.: 36-16828

Dear Mr. & Mrs. Hart:

The Department of Water Resources acknowledges receipt of the Assignment of Application for Transfer, referenced above. The department has modified its records to reflect the change. The Assignment of Application for Permit was previously processed, and you should have received confirmation of that change.

Please note, protests from Buckeye Farms still remain against both the Application for Transfer, as well as Application for Permit No. 36-16828. These protests will need to be resolved before the applications can be considered for approval. I have enclosed copies of these protests for your reference.

Please contact this office if you have any questions regarding this procedure. Information about water rights and other matters administered by this agency is also available on the Internet at www.idwr.idaho.gov.

Sincerely,

for: Denise Maline

Southern Regional Manager
