Re: Change in Ownership for Water Right No(s): 37-7009, 37-7447A, 37-10916 and 37-11200

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records except for water right 37-11200 and has enclosed a computer-generated report for you.

Please note that water right 37-11200 is appurtenant to land previously sold by you to Kenneth Chad Pearson and has had ownership updated accordingly. Since there was no action necessary on water right 37-11200, a \$25 refund of the filing fee has been requested from the state controller's office and you should receive it within the next two weeks.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 736-3033.

Sincerely,
