PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 96-9521

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Northern Region Office of the Department located in Coeur d'Alene at (208) 762-2800.

Sincerely,

Darla Block
Technical Records Specialist

MEMORANDUM

TO: Water Right Permit File 96-9521

FROM: Daniel A. Nelson

DATE: May 7, 2018

SUBJECT: Field Exam Needed

A review of aerial photography doesn't confirm irrigation has been done on the place of use described in the permit. According to the extension of time request in the file, the pump has been installed and a line has been run to the place of use. However, the aerial photography suggests that the property has not been irrigated. A minimum of a drive by examination is needed to confirm that the irrigation system is operating.
