Subject: RE: 2017 Dry Creek Ranch Annual Report

Sean Albertson,

Thank you for providing this report to IDWR. Dennis Owsley has agreed to get the data loaded into our database WellSite. And I will see that the report is added to the water right file for 63-32423.

I spoke briefly with Jason Thompson in a phone call this morning. I understand that the development is still in its early stages and that water has not yet been diverted from the new production wells. The data provided by you and your colleagues before you, is giving us a good baseline for understanding the aquifer in this area.

Regards,
Michele Edl
Sr Water Resource Agent
208-287-4946

Subject: 2017 Dry Creek Ranch Annual Report

Dennis, Michele,

Attached is a copy of the 2017 annual water level monitoring report for Dry Creek Ranch pursuant to permit 63-32423. Copies have also been sent to members of the Dry Creek Rural Neighborhood Association.

Please let me know if you have any questions,
Sean
