

MEMORANDUM

TO: Water Right Permit File 78-4058B

FROM: Daniel A. Nelson

DATE: May 7, 2018

SUBJECT: Office Day Call

On May 7, 2019, I received an office day telephone call from Bryan De Veny. Mr. De Veny stated that he had filed a change of ownership several years ago on water rights 78-4058B and 78-4059. Mr. De Veny informed me that the ownership had been changed on water right 78-4059, but it hadn't been changed on 78-4058B. The change of ownership was done by Rachel Sommers at the Western Region Office in 2012.

I contacted Ms. Sommers to find out if she was aware why the ownership hadn't been changed on water right 78-4058B. Ms. Sommers informed me that the ownership should have been changed on both rights, but for some unknown reason the ownership wasn't changed on 78-4058B. Ms. Sommers changed the ownership, and I have documented the file and sent a letter to Mr. De Veny informing him that the ownership has been changed.
