RE: CORRECTION OF OWNERSHIP OF WATER RIGHT 78-4058B

Dear Mr. and Ms. De Veny:

A review of the Department's records concerning water right 78-4058B confirms that the ownership had not been changed for this water right as requested in the change of ownership received on September 27, 2012. The records have been updated, and the enclosed computer-generated report for your records reflects the updated records.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see § 42-222 and §42-223, Idaho Code.

Also note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

Thank you for your patience and if you have any questions or concerns, please don't hesitate to contact me.

Respectfully,

Daniel A. Nelson
