This aerial photograph displays a 16-section grid, likely for land management or surveying purposes. The grid is overlaid on a satellite image showing terrain, roads, and vegetation. Each section is labeled with a number (1 through 16) and a directional code (e.g., SWSW, NENE, SESE). The grid is divided into four quadrants by a central horizontal and vertical line. The sections are numbered 1 through 16, with 1-4 in the top-left, 5-8 in the top-right, 9-12 in the bottom-left, and 13-16 in the bottom-right. Directional labels are placed within each section, often indicating the orientation of the section relative to the grid. For example, section 1 is labeled SWSW, SWSW, and SWSW. Section 16 is labeled NENE, NENE, and NENE. The grid is also overlaid with a blue line, possibly representing a boundary or a specific survey line. The overall image is a composite of a satellite photograph and a grid overlay.

the USDA's Aerial Photography Field Office asks to be credited in derived products.
