	Application to lease was received March 29, 2018. Applicant is the owner of the right and wishes to place the entire right in the Bank for one year (2018). Memo dated 2/7/2006 addressed concerns of enlargement of use stating information from applicant suggesting the right had been used as primary right. Right was placed in the Bank as a primary right, right has been in the Bank 2006-2017. Applicant states the place of use continues to receive water from Nampa Meridian Irrigation District. Right has not been comingled with irrigation shares, therefore, condition relating to Nampa Meridian Irrigation District was left off of lease conditions. Right was decreed in 2009. Forfeiture is not an issue. This right overlaps with City of Nampa (municipal), Boise Project Board of Control, US Bureau of Reclamation, and Nampa Meridian Irrigation District. This right is in a DEQ Nitrate Priority - Ada County area. This right does not fall within a water district or ground water district.

Subject: Water Supply Bank Lease Application

Mr. Farris,

I am currently processing your application to lease your water right 63-7223 to the Water Supply Bank. A question on the application asks if the place of use will continue to receive water from any other source. This question was not answered. Please provide an answer so I can continue to process your application. I appreciate your time and consideration.

Best regards,

Debbi
