Subject: 95-9487 statement of proof correction

Hello Darla,

I received your letter dated April 17, 2018 pointing out the discrepancy in the Statement of Completion regarding acreage and use for permit 95-9487. The information was indeed incorrect (1 acre and 20 sheep) and the result of carrying that information forward from another proof form I had previously filled out. Our use is per the information on the permit; .5 Acre, aesthetic storage, wildlife storage, irrigation, and irrigation storage. I apologize of any inconvenience.

Thank you,
