REQUEST FOR EXTENSION OF TIME DEFICIENCY LETTER

RE: Permit No. 95-16550

Dear Permit Holder(s):

The Department received the request for extension of time (extension) form you submitted for the above referenced permit.

I am returning the form to you because information provided on the application is not sufficient or incomplete. Please address the following items on the form:

- Provide the Department with more information that might show good cause why your extension should be approved. If you can, please describe what work has been done towards the development of this water right.
- In order for the Department to grant an extension of time based on good cause or circumstances beyond your control the permit holder must provide a reasonable explanation for the delay in development of the permit. Please explain why you have been unable to complete the project, and be as specific as you can.
- According to Idaho Code § 42-204, you are allowed an initial development period of 5 years, and only one extension request after that for up to 5 more years. Your permit has allowed the initial 5 years. This extension is considered your last extension request allowed under due diligence or good cause. You could modify your extension form now from a 3 year extension to a 5 year extension.

The Department cannot process the extension request without more information.

Please resubmit the completed form with the additional information the Department has requested before the proof due date of **June 01, 2018** to avoid the possibility of your permit lapsing. If you have any questions concerning this matter, please contact me at (208) 287-4945.

Sincerely,

Darla Block
Technical Records Specialist
