Cindy,

The Idaho Department of Fish and Game has completed a site observation for the Scott and Carla Nelson (Permit No. [74-16109](#)) Statement of Completion for beneficial use located in Lemhi County, Idaho. From this site survey it was determined that due to volumetric flowrate and spring gradient that a fish screen **would not** be required for the application.

Please feel free to contact me with any questions or concerns.

Respectfully Submitted,

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 74-16109

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Eastern Region Office of the Department located in Idaho Falls at (208) 525-7161.

Sincerely,

Darla Block
