Notice of error submitted to add acres, correct point of diversion locations, and remove Wilder Irrigation District remark from claim (along with other requests). Recommendation was based on approved transfer No. 70977 which was finalized on March 19, 2004. Any changes made to system after approval of the transfer would require an additional transfer so have updated point of diversion locations and removed implication that Wilder Irrigation District water is also used. No other changes have been made.
