Michael S. and Lynn E. Munoz
13545 Hockberger Ranch Road
Caldwell, ID 83607

Dear Michael S. and Lynn E. Munoz,

In late 2015 my brother Jack and I inherited John Hockberger, our father's estate. I chose to share a portion of the water rights I inherited with members of Vinecrest II. The water rights were recorded on each owner's lot in September 2015.

Enclosed you will find a number of documents related to the steps you need to follow in notifying the State of Idaho Department Of Water Resources of the transfer.

If you find there is an error in any of the ownership documentation, please contact Gary McAllister at 208-283-4830 and he will be able to help you in resolving the issue.

I hope that the members of Vinecrest II can combine their rights and establish a community well and water system. .

Sincerely,

A handwritten signature in cursive script that reads "Susan Hockberger". The signature is written in dark ink and is positioned above the printed name.

Susan Hockberger

RE: Notice of Change in Water Right Ownership No: 63-2798 and 63-8475.

Split into: Water Right No. **63-34273**

Original: Water Right No. 63-8475

Split into: Water Right No. **63-34274**

Dear Water Right Holder:

We have received and processed a Change of Ownership for a portion of the original Water Right as referenced above. This Change of Ownership required a split of the original water right.

When a portion of the original water right has been conveyed to another, a new water right number is created to represent the portion obtained by the new owners. For your records a poof report and map depicting the place of use (POU) and the point of diversion (POD) for Water Right No's **63-34273** and **63-34274** are enclosed. Please refer to your new water right number when corresponding with our office.

The Department recently processed a number of ownership changes for portions of right 63-2798, 63-8475, and 63-31820 in your area. This process altered conditions on your portion(s) of the right(s). Please disregard any previous notification you may have received regarding the ownership change process and/or transfer process. Enclosed is a copy of your water right record(s) and map(s) depicting the POU and POD as it currently exists.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the Department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Your portion of this water right has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water right, then no further action is required at this time.

Thank you for your patience, as we have had several water right changes to process. If you have any questions concerning the enclosed information or this letter, please feel free to contact this office at 208-334-2190.

Sincerely,

Rachel Sommer

When a portion of the original water right has been conveyed to another and the original right has been split, a new water right number is created to represent the portion obtained by the new owners. For your records a poof report and map depicting the place of use (POU) and the point of diversion (POD) for Water Right No's **63-2798, 63-8475, and 63-31820** are enclosed. Please refer to your new water right number when corresponding with our office.

The Department recently processed a number of ownership changes for portions of right 63-2798, 63-8475, and 63-31820 in your area. This process altered conditions on your portion(s) of the right(s). Please disregard any previous notification you may have received regarding the ownership change process and/or transfer process. Enclosed is a copy of your water right record(s) and map(s) depicting the POU and POD as it currently exists.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the Department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

If you have any questions concerning the enclosed information or this letter, please feel free to contact this office at 208-334-2190.

Sincerely,
