Attachments: Elk Creek WL Data for 2017 Report.xlsx

Jean,

The attachment is the updated monitoring report for 61-12090. Last year you profiled the report as an Excel document and just put a memo in the file. Let's do that again.

Thanks.

Shelley

Shelley,

Here is a version of the Elk Creek water level data with a much smaller file size. The previous version had empty cells included which were making the file much larger and likely caused the attachment size exceedance. Let me know if you have trouble opening this version.

Thanks,
Sean

Shelley,

The Elk Creek 2017 Water Level Monitoring Report is attached along with a spreadsheet of the site data. Please feel free to contact either myself or Roxanne Brown with any questions.

Thanks,
Sean
