Subject: Withdrawal of FMID Protest for Transfer 82015 - Teton Springs

James,

On behalf of Fremont Madison Irrigation District, this email is to confirm that based upon the representations made at the prehearing this morning on the above entitled transfer and providing that a condition be made to require the three wells (one proposed and current other two) be properly metered and measured not to exceed the rate of 1.10 cfs or volume of 349 AFA, I have been authorized by FMID to withdraw its protest to the application, effective immediately. Should you require anything additionally, please do not hesitate to contact me.

Sincerely

Jerry
