

MEMORANDUM

Date: March 27, 2018
To: Transfer 82152
From: Blake Jordan
Re: Review & Evaluation of Sufficiency of Information

This transfer proposes to change the point of diversion for water right 32-7022A. This transfer will also update the ownership for water right 32-7022A. The current well has collapsed and the applicant seeks to replace the well by drilling a new well on the south side of the road approximately fifty feet away. The place of use will remain the same.

Authority to File:

The applicant is the current owner of water right and current owner of the property at the proposed point of diversion per grant deed. The ownership of the water right will be changed into Montevue Farm, LLC. David Sauer who is a member of Montevue Farm, LLC signed the application.

Water Right Validity:

Decreed in 2000. Aerial photography shows consistent irrigation. Forfeiture is not an issue.

Injury to Other Water Rights:

This water right is within the ESPA and regulated by WD 110. The proposed point of diversion is moving across the road approximately fifty feet. The current and proposed point of diversion are within the same ESPA model cell. No ESPA analysis required. A magnetic flow meter will be installed. This transfer was advertised and there are no protests. The water master does not oppose the application.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Effect on Economy the Local Area:

No issues identified.

Effect on Agricultural Base of the Local Area:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
