If the application is approved, IDWR will include appropriate standard conditions of approval for a water right located within a water district, such as regulation by the water master, lockable controlling works, and/or measuring devices. Any special conditions or other concerns you have related to this application should be specifically addressed in your recommendation.

IDWR's regional offices can finish reviewing an unprotested application as soon as the protest period has past. Your prompt response to this request will ensure that your recommendation can be considered. If IDWR has not received your written recommendation within 21 days from the date of this letter, IDWR will presume that you do not oppose approval of the application and that you have no comments for IDWR to consider.

MEMORANDUM

TO: Transfer #82159 File

FROM: Benny Walker

DATE: March 29, 2018

SUBJECT: Filing Fee

The filing fee of, \$820.00, for this transfer is based on the amount of water proposed to be transferred or changed, 4.66 cfs. The transfer fee schedule for a transfer involving 4.01-5.00 cfs indicates that the filing fee is \$820.00. The applicant's representative submitted a fee of \$820.00 for this transfer. (Receipt S036581). However since only a 39 acre portion is only being transferred. Benny, I've attached the missing deed. Either address will work, but I'll find out for certain which one Lambert prefers for the transfer and let you know. Thank you,

Mr. Marshall,

During my preliminary review and processing of the Brent & Michelle Koyle transfer and the Lambert Produce transfer, it has been discovered that a deed from Lambert Produce to Brent Koyle was not included with Mr. Koyle's transfer. Also I need to verify the Lambert Produce mailing address. According to a recently filed change in address notification on February 5th 2018 their address is PO Box 793, Blackfoot, ID 83221. This differs from the address listed on the Lambert Produce application. If you could please send the appropriate deed for Brent Koyle and verify the correct mailing address for Lambert Produce to allow for the processing of these two transfers. If you have any questions please feel free to contact me.

Re: Lambert Produce, Inc. and Koyle Transfer Applications

Dear Department:

Enclosed please find two applications for transfer, one by Lambert Produce, Inc., and the other by Brent and Michelle Koyle, along with the application fees for both. The applicants own contiguous farms and recently exchanged 40-acre parcels to square up their respective farms. Both applicants retained the appurtenant water rights, and now, by the enclosed applications, seek to move their retained water rights onto their newly acquired parcels.

Both applications involve multiple rights with a permissible place of use. Because the transferred rights will remain parts of the same systems, we have identified the entire rights as being transferred. However, for each application, only those portions of the rights involved in the land swap, 38 and 39 acres respectively, are actually being moved. Accordingly, part 2B on each application identifies the specific places of use being transferred. We have paid application fees based on the full diversion rate of the rights involved. However, if possible under the circumstances, we request a refund of a portion of the fees if the Department views the applications as involving only the 38 and 39 acres.

Please file the two applications for processing and contact me if you have any questions.

Sincerely,

John M. Marshall
