Re: Change in Water Right Ownership: 63-31470 (Split into 63-31470 and **63-34523**),

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Please note, water right(s) 63-31470 was leased to the Water Supply Bank (bank) in 2005. In accordance with the bank lease acceptance, the lessor/current right holder (right holder) may not use the right(s) while it is in the bank, even if the right(s) is not rented from the bank. The right(s) will remain in the bank until December 31, 2020 unless released earlier by the Water Resource Board or upon request by the right holder. To reduce the term of the lease, the right holder must submit a written request to the department. The department will verify if the right is rented or available for release, and notify the right holder of the release date.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4942.

Sincerely,

RE: Ownership Change Water Right No. 63-31470

Dear Property Owner:

The Department of Water Resources received a request from you for a Notice of Change of Water Right Ownership to split water right 63-31470.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 **per** water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. The Department has determined that the additional filing fee for your notices will be **\$75.**

Because the Department cannot process the ownership change without proper fees, we will hold any action on your notice pending receipt of the necessary fees. If we do not receive the necessary fees within 30 days the Department will return your request unprocessed. Thank you.

Please contact me at 208-287-4942 if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Jean Hersley".
