Michele,

I will be back in the office on Wednesday, July 12 - would it be OK if I addressed your questions at that time?

Regards,
Christian

Lori Graves,
I've had the time to look more thoroughly at the attachments to this email. Because you were CC'd, I am hoping you can help me.
I don't see a graph in the graph tab of the Fox Acres Well Totalizers xls.
I am also having a spot of trouble trying to print the spreadsheet for the water right file. It's emailed in protected view. When I enable editing/printing, the numbers in Column H through K and N-O become #N/A.
Does your copy or your access to Christian Petrich copy have these same issues? If not, could you share your copy?
Thank you
Michele Edl

Michele,

Please find attached a memorandum summarizing (1) heating and cooling system production under 37-22545 and (2) injection well water levels. Supporting data are provided in the attached spreadsheet. Please call or email if you have any questions.

Regards,
Christian
