

MEMORANDUM

TO: Water Right File – 65-12998/65-12999
FROM: Aaron Skinner – Water Resource Agent
DATE: March 27, 2018
SUBJECT: B/U Lot Clarification

On March 27, 2018, Pat Greeson called into the Western Region office concerned about Lot 12 identified as one of the 9 lots included on the POU. The owner of Lot 12 and 11 are the same. A “round” house was built and lies on both lots. Current Boise County parcel data runs through the center of the house. When reviewing the exam file, I only identified Lot 12 as the POU. Pat Greeson would like only Lot 11 identified as the POU. Technically, both lots should have been included in the POU to alleviate confusion. As such, this memorandum is to clarify the POU was for one single family home located on Lots 11/12.
