Request to Reinstate a Permit Lapsed more than Sixty Days

Statements of Completion for Submitting Proof of Beneficial Use submitted more than sixty (60) days after mailing of a lapsed permit notice must be accompanied by a Beneficial Use Field Report prepared by a certified water right examiner as the result of an examination to clearly confirm and establish the extent of the beneficial use of water established in connection with the permit during the time authorized by the permit and any extensions of time previously approved, a statement of reasonable cause for filing late proof of beneficial use, and a reinstatement application fee of \$250 per§ 42-218a(2), Idaho Code.

Statement of reasonable cause for filing a late proof of beneficial use:

Permit No. 25-14425 was issued July 26, 2016. The water right permit was fully developed before proof of beneficial use was due August 1, 2017, but a timely Statement of Completion was not submitted due to clerical oversight. A lapse notice was mailed on August 7, 2017. The Statement of Completion and Beneficial Use Field Report were submitted October 6, 2017. Although the October 6 date was within 60 days of the mailing of the lapse notice, the BUFE report was returned for calculation of the annual volume developed under the permit. IDWR also requested preparation of a measurement plan in response to a Condition requiring installation of an instream measuring device. The applicant, the applicant's consultant and IDWR staff have subsequently had correspondence concerning the measurement plan requirement. This process has taken time and the applicant respectfully requests reinstatement of its permit.

Required items:

- ☒ Statement of Completion for Submitting Proof of Beneficial Use
- ☒ Beneficial Use Field Report
- ☒ Reinstatement application fee of \$250

The information contained in this statement is true to the best of my knowledge. I understand that should the department reinstate my permit that the priority date will be advanced to the day that proof of beneficial use was received.
