RE: Application for Transfer 81780 (William and Stacey Rasmussen)

Dear Ms. Johnson:

In July 2017, William and Stacey Rasmussen filed Application for Transfer 81780 with the Idaho Department of Water Resources proposing to, among other things, change the place of use for water right 11-381. Water right 11-381 currently authorizes the diversion of 20 cfs from Winchell Creek and Largilliere Creek for the irrigation of 1,280 acres in Sections 23, 24, 25 and 26, T08S, R41E.

According to taxlot data provided by Caribou County you own a 5-acre parcel in the SESW of Section 25, T08S, R41E. The current authorized place of use for water right 11-381 does not include your property. Application for Transfer 81780 proposes to rearrange the place of use for water right 11-381. The proposed place of use would include your 5-acre parcel.

Prior to approving Transfer 81780, I need written confirmation that you do not oppose having your parcel included in the proposed irrigation place of use for water right 11-381. William Rasmussen stated that he has contacted you, but has not been able to obtain consent from you to make the change.

I would like to speak with you about the changes proposed by William and Stacey Rasmussen. Unfortunately, I cannot find your phone number. When you get a moment, could you contact me?

Sincerely,

James Cefalo
