Re: Additional Notice

Water right 11-381 was included in the 1920 Bear River Decree. The place of use is described as 1,280 acres in the W1/2 of the NW1/4 and S1/2 of the SW1/4, Sec. 24, the SESE, the E1/2 of the SW1/4 and the SWSW, Sec. 23, the W1/2 of the NW1/4, the SWSE, the NENW, Sec. 25, the E1/2, the NESW, the E1/2 of the NW1/4 and the NWNW, Sec. 26, all in T09S, R41E. This description covers an area of 24 QQs (960 acres). The 1920 Bear River Decree clearly contains an error. Either the total irrigated acres are too large or some of the place of use is missing from the legal description.

Transfer applicants, William and Stacey Rasmussen, do not own all of the ground described in the 1920 Decree. In addition to the public notice, the Department will provide notice of the application directly to the property owners under the decreed place of use for water right 11-381. As of July 6, 2017, that includes:
