<i>Original Water Right Number:</i>	<i>Split into Water Right Numbers:</i>

Dear Water Right Holders:

The Department has received and processed a Change of Ownership for a portion of your original Water Rights as referenced above. This resulted in a split of water rights 61-10146 and 61-252B.

When a portion of the original water right has been conveyed to another and the original right has been split, a new water right number is created to represent the portion obtained by the new owners. For your records a poof report and map depicting the place of use (POU) and the point of diversion (POD) for **61-10146** and **61-252B** are enclosed. Please refer to your new water right numbers when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Your portion of these water rights has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under these rights, including adding a new point of diversion, then an Application for Transfer on your portion of these rights is required. It is possible you may need a transfer for your point of diversion. Please contact this office for further information on the Application for Transfer form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water rights, then no further action is required at this time.

Due to Department error please disregard previous correspondence dated October 2, 2017 regarding the ownership change and split of the above mentioned water rights. If you have any questions concerning the enclosed information or this letter, please feel free to contact this office at (208) 334-2190.
