4. cparker 8/24/2017 POU Shape
While processing the ownership change submitted with application for transfer no. 81843, I noticed that the POU shapefile showed irrigation in areas not authorized by the permit and on land that the right holders do not own. After splitting the right this parent right retains 16.6 acres of irrigation. The resulting shapefile was edited to reflect irrigation use only within the legal description and on property owned by the right holder.
