RE: Notice of Ownership Change in Water Right No. 78-7377

Dear Applicants,

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right to you. The Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

78-12380, 78-12382, 78-12384 & 78-12386 are not able to be updated at this time. Two letters sent by the Department seeking additional info on 11/16/2017 and 01/19/2018 were returned. Please see the attached letters and map for additional info. Because the Department cannot process this request at this time, we are returning the application and all attachments. You may submit this form with the required documentation and fees at any time. A refund has been requested and will be sent to the payer (TIMBERLINE TITLE & ESCROW) under separate cover.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

If you have any questions concerning the enclosed information, please feel free to contact this office at 208-334-2190.
