ADDITIONAL CONDITIONS OF ACCEPTANCE

1. The water rights referenced above will be rented from the bank at the current rental rate.
2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.

3. While a right is in the bank, the lessor may not use the right without approval of the Department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B.
4. A right accepted into the bank stays in the bank until the Board releases it, or the lease term expires. A right may be released from the bank upon request, provided the Board approves the release. Unless approved by the Department, leased rights may not be immediately available for release.
5. While a water right is in the bank, forfeiture provisions are stayed pursuant to Idaho Code § 42-223(5).
6. Rental of water under this right is subject to the limitations and conditions of approval of the water right.
7. Failure of the right holder to comply with the conditions of acceptance is cause for the Director to rescind acceptance of the lease.
8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. This right when combined with all other rights shall provide no more than 3.0 afa per acre at the field headgate for the irrigation of the lands above.
13. Diversion of groundwater is limited to those times water is available for diversion under this right and priority from the Alturas Lake Creek.
14. The right holder shall comply with all fish screening requirements of the Idaho Department of Fish and Game.
15. Right Nos. 71-64A and 71-69 when combined shall not exceed a total annual diversion volume of 435.0 af for the irrigation of 145.0 total acres.
16. The use of water for irrigation under this right may begin as early as May 1 and may continue to as late as October 31, provided other elements of the right are not exceeded. The use of water after September 30 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date a partial decree is entered for this right.

RE: WATER SUPPLY BANK LEASE CONTRACT FOR WATER RIGHTS 71-64A and 71-69

Dear Lessor:

Water rights **71-64A and 71-69** were leased into the Water Supply Bank (Bank) as of December 21, 2017, in accordance with the enclosed executed lease contract. **Your water rights, as described on the lease contract, are considered leased into the Bank and should remain unused until they are formally released from the Bank.** More information and further restrictions placed on your water rights while leased can be found in conditions of acceptance of the lease contract. Read the conditions of acceptance carefully.

The rights will automatically be released from the Bank on **December 31, 2022**, unless the rights are released earlier by the Water Resource Board (Board). **RE: APPLICATIONS TO LEASE AND RENT WATER FROM THE WATER SUPPLY BANK
WATER RIGHT NOS. 71-64A and 71-69**

*****TIME SENSITIVE RESPONSE REQUIRED*****

Dear Applicant:

The Department of Water Resources acknowledges receipt of your applications to lease water to and rent water from the Water Supply Bank. **I have enclosed two original Water Supply Bank Lease Contracts and a Water Supply Bank Rental Agreement for your review and signature. Please sign and return ALL Lease Contracts and Rental agreements within 14 days.** Upon signature and return of the original contracts and agreement, together with the rental fee described below, the Department will also sign the original contracts and agreement and return executed copies to you. Execution of the agreement and compliance with the conditions of approval authorize diversion and use of water as provided in the agreement.

A rental fee of **\$8,724.00** was calculated based on the current rental rate of \$20.00 per acre-foot times a diversion volume of 436.2 acre-feet. Since you are both the lessor and the renter of the rights, **you are only obligated to pay the 10% administrative fee or \$872.40. Please send a check for \$872.40** made payable to the Idaho Department of Water Resources, so I can complete processing.

The Department shall receive an annual payment prior to January 1 in all subsequent years for the duration of the rental period. The rental agreement will be void if payment is not received prior to the due date in a given year. If the rental is voided and you do not terminate the lease contract, the water rights will still be subject to rental by other parties.

If you would like to terminate the lease and rental agreement prior to the end of the lease/rental period, you must submit written notice of your intent to the Department at least 30 days prior to the rental fee due date. You may use the Request to Release a Water Right From the Bank located at <http://idwr.idaho.gov/files/water-supply-bank/WSB-Request-to-Release-a-WR-from-the-Bank.pdf>.

If all signed leased contracts, signed rental agreements and the rental fee payment is not received within 14 days, your lease/rental package may be in danger of being returned without being executed in such case, the lease application fee will not be refunded.

Subject: Water Supply Bank lease/rental applications

Hello, I am processing your water supply bank lease and rental applications. The application package included the Annual Report Form for Breckenridge Family Limited Partnership showing the general partners as Katie Breckenridge and Robert Struthers. According to the 2017 Blaine County parcel data Susan G Breckenridge and the Breckenridge John H-Trustee Breckenridge Family Trust own land at the water right place of use. Can you provide authority that allows you to lease the portions of rights 71-64A and 71-69 that are appurtenant to the other two owners property? I need documentation that allows you to act on behalf of Susan Breckenridge and the Breckenridge John H-Trustee Breckenridge Family Trust. The attached map shows land ownership and the water right places of use.
