A. PURPOSE OF TRANSFER

1. ☒ Change point of diversion ☐ Add diversion point(s) ☒ Change place of use
☐ Change nature of use ☐ Change period of use ☒ Other Change ownership
2. Describe your proposal in narrative form, including a detailed description of non-irrigation uses to justify amounts transferred (i.e. number of stock, etc.), and provide additional explanation of any other items on the application. Attach additional pages if necessary and label it **Part 1A.2**.
At all times since at least 1938, Homestead Spring has supplied Homestead Cabin with domestic water. [continued on Part 1A.2]

Part 1A.2

In 1997 Jack and Nancy Furey were decreed the owners of the Homestead Spring water right (**71-4057**), but both the actual spring-box **Place of Diversion** (in SESWSW of Section 17, Township 10N, Range 13E) and the actual **Place of Use** (i.e., at the Homestead Cabin in SWSW of Section 17, Township 10N, Range 13E) were incorrectly located in the record and map of water right 71-4057.

Jack and Nancy conveyed the Homestead Cabin (. . . "together with all appurtenances, water, water rights, ditch and ditch rights") on five acres in SWSW of Section 17, Township 10N, Range 13E, to their son, Applicant Pat Furey, in 2006 (**Attachment #2a**). In 2007 they conveyed the remainder of their property (necessarily including any water rights not already conveyed) into their newly-formed Jack B. and Nancy J. Furey Family Trust (**Attachment #2b**). Also included in Attachment #2b is documentation of the following:

In 2015, Jack and Nancy, as Trustees of their Jack B. and Nancy J. Furey Family Trust, also conveyed the nearby Merritt Cabin on 8.75 acres (in SESW of Section 17, Township 10N, Range 13E), which is incorrectly named in the records as the POU for water right **71-4057**, to Applicant Pat Furey. (That property is actually the correct POU for a different spring and different water right, 71-4058.)

Jack passed away in July of 2016 and Pat became Successor Trustee of the Jack B. and Nancy J. Family Trust. The declaration of trust authorizes the trustee to convey any and all property, to abandon any and all property and to deal with himself. Pursuant to those powers, Pat, as Successor Trustee of the Jack B. and Nancy J. Furey Family Trust, has for good measure conveyed by quitclaim deed any and all right, title and interest the trust may have in water right **71-4057** to Applicants Patrick D. Furey and Tammy R. Furey, husband and wife, owners of both the Homestead property and the Merritt property. In 2017, Pat and Tammy purchased from the Racine Trusts the five-acre parcel in SESWSW of Section 17, Township 10N, Range 13E, on which the true Point of Diversion for Homestead Spring, water right **71-4057**, is located.

Thus, Applicants Pat and Tammy now own the following: (1) **water right 71-4057**; (2) **its incorrectly identified Place of Use**; (3) **its correct Point of Diversion** and (4) **its correct Place of Use**. However, because they do **not** own the incorrectly identified Point of Diversion in SWSWSW (which is now owned by Western Rivers Conservancy) and because that property is the subject of a pending sale to the U.S. Forest Service scheduled to close in March, Applicants seek by this application simply to correct the records of water right **71-4057** to identify the true Point of Diversion and the true Place of Use and, while about it, to document the change of ownership from Jack and Nancy to Pat and Tammy.

APPLICATION FOR TRANSFER OF WATER RIGHT PART 1 Continued

5. General Information:

- a. Describe the complete diversion system, including how you will accommodate a measuring device and lockable controlling works should they be required now or in the future:

The spring employs a cinderblock "spring-box" that collects seep, which then overflows out through a 1 1/2 inch pipe to feed, via gravity, domestic water to Homestead Cabin. A measuring device with locking valve could be installed on the feed pipe.

- b. Who owns the property at the point(s) of diversion? Patrick D. Furey and Tammy R. Furey, husband and wife

If other than the applicant, describe the arrangement enabling the applicant to access the property for the diversion system:

- c. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts?

If yes, ☐ attach a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes on official letterhead signed by an authorized representative. Label it **Attachment #6**. List the name of the entity and type of lien: N/A

It is the applicant's responsibility to provide notice to lien holder, trustee, mortgagor, or contract holder of the proposed changes that may impact or change the value of the water rights or affected real property. Any misrepresentation of legal encumbrance on this application may result in rejection of the application or cancellation of an approval.

- d. Are any of the water rights proposed for transfer currently leased to the Water Supply Bank?

If yes, ☐ complete Attachment WSB.

- e. Describe the effect on the land now irrigated if the place or purpose of use is changed pursuant to this transfer:

No effect. Place of Use is being changed to reflect true, historical POU and is for domestic, not irrigation use.

- f. Describe the use of any other water right(s) for the same purpose or land, or the same diversion system as right(s) proposed to be transferred at both the existing and proposed point(s) of diversion and place(s) use:

71-4058 truly has a POU at SESW (the Merritt Cabin). There is no water at the existing (incorrect) POD. The proposed POU has no other domestic water right. It does have unrelated irrigation water rights that are not involved in this application.

- g. To your knowledge, has/is any portion of the water right(s) proposed to be changed:

A. POWER TO FUND THE TRUST:

After this trust is duly executed, we will execute and deliver all deeds, assignments, bills of sale, written instructions and other legal documents necessary to convey and register all of our assets that we choose to place in trust under this trust to be owned by the trustee(s) of this trust and held and administered under the terms and conditions of this trust. Assets which are evidenced by titles or deeds currently being transferred to the trustee(s) of this trust are listed on Schedule A, which is attached to this trust and made a part of this trust. All such property is hereby transferred to and the same shall be owned by such trust.

This declaration shall apply even though record ownership or title, in some instances, may, presently or in the future, be registered in the individual name or names of either of us, in which event such record ownership shall hereafter be deemed held in trust even though such trusteeship remains undisclosed.

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Re: Legal Notice Not Required

Legal Notice Not Required
2/26/2018

Pursuant to Section 42-222, Idaho Code, the Department has discretion to provide public notice as deemed appropriate. The water right changes proposed through this transfer application do not appear to change the effect on the original or hydraulically connected water source or affect other water rights. Therefore, staff review of the transfer application found no cause to require public notice. This application will continue processing without advertisement and be forwarded for approval consideration.

Re: Review & Evaluation of Sufficiency of Information

Review & Evaluation of Sufficiency of Information
2/26/2018

The application for transfer simply proposes to identify the point of diversion (POD) and place of use (POU) to reflect the actual POD and POU QQ locations in order to correct the water right record. The POD/POU is located approximately 2 miles west and 1.8 miles south of the highway 21/75 intersection in Stanley. The proposed transfer is in Water District 170 and sub-water district 71. De minimis water rights are exempted from Water District administration so Watermaster comments will not be solicited.

Authority to File: The applicants supplied deeds that verify their ownership of the property that 71-4057 is appurtenant to. The applicants also wish to become the current owners of the water right as a result of this transfer and have included the \$25.00 change of ownership fee.

Water Right Validity: Water Right 71-4057 was decreed in the SRBA on 10/03/1997.

Injury to Other Water Rights: No injury to other water rights is anticipated. The transfer will simply identify the correct QQ locations of the point of diversion and place of use to reflect what was historically developed.

Enlargement of Use: No enlargement.

Local Public interest: No public interest issues anticipated.

Beneficial Use/Conservation of Water Resources: The proposed use is recognized as a beneficial use of water.

Effect on Economy the Local Area: No anticipated effects on the local economy.

Effect on Agricultural Base of the Local Area: No anticipated effects on the agricultural base of the area.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

Re: Pat Furey Transfer Application, Water Right **71-4057 (Homestead Spring and property)**

Dear Kent:

Enclosed is my Transfer Application to correct the **Homestead Spring/property** and water right (71-4057) to change the Point of Diversion from where the records show it to where it truly is on the ground and also to change the Point of Use from where the records show it to where it truly is on the ground. I'm also documenting the change of the right's ownership from my parents, Jack and Nancy, through their Jack B. and Nancy J. Furey Family Trust, and finally to my wife Tammy and me, who now own the true Homestead Place of Use, the true Point of Diversion and the incorrect place of use (i.e., at the Merritt property).

I am also enclosing my check in the amount of \$225 to cover the \$200 transfer of POD fee and the \$25 transfer of ownership fee.

Thanks for all you help in this and the other one and please call me asap if there are any problems or inadequacies in the application.

Very truly yours,

Patrick D. Furey

Patrick,

I have been reviewing the application you sent me last week. I have good news and not-so-good-news...The copies of the deeds you provided will work perfectly. However there are a couple of items that need to be addressed: (1) the place of use locations for both water rights identify SESW of section 17, township 10N, range 13E. This is correct for the Merritt cabin however the Homestead cabin is located in SWSW of section 17, township 10N, range 13E. This will require two transfers to accomplish what you want to do: one transfer to change both the place of use and the point of diversion for the Homestead cabin and one transfer to change the point of diversion for the Merritt cabin.

(2) the application for transfer of water right-point(s) of diversion (what we refer to as the "short form") that you sent only allow changes to the point of diversion for a water right. This is fine for the Merritt cabin but the Homestead cabin also needs the place of use corrected. I suggest completing a new "short form" for just the Merritt cabin (71-4058) point of diversion correction.

I also suggest completing the "Application for Transfer of Water Right" (we refer to this as the "long form") to change the place of use and the point of diversion for the Homestead cabin (71-4057).

I have attached a map that I hope will help and I have attached a copy of the long form.

To process the transfers we must have the forms with the original signatures sent to us along with the fees. We also need the fees to process the water right ownership changes.

The fees are \$200.00 for each transfer and the ownership change fees are \$25.00 for each water right for a total of \$450.00.

Thanks,

Kent

P.S. Please call me at your convenience so we can discuss this in a little more detail.
