Re: Returned Mail & Address Correction for Application for Permit 96-9684

A notification from the Representative on a different Application for Permit showed a change in the Suite number for Foresite Engineering from Suite 219 to Suite 01. I placed a copy of the email from a different application in the folder so we send the correspondence for this application to the correct address. Shortly afterward, I received a returned mail from the Applicant, Loyal Amstutz, so I sent another email to the representative and Mr. Amstutz called me to notify me of his correct mailing address which is PO Box 489, Dover Idaho, 83825. I notated it on the application. I spoke with Water Right Agent Adam Frederick, who said that I should have requested a change in address form but that I could create a memo to officially document the change on the application.

Tommy,
Thanks for following up. My address is correct except for suite 01 not 219. I moved offices with in the building and mail should have been forwarded.
