

## **MEMORANDUM**

**Date:** January 8, 2018  
**To:** Transfer 82074  
**From:** Jeff Nield  
**Re:** Review & Evaluation of Sufficiency of Information

This transfer proposes to combine water rights 1-10457, 1-10460, 25-245, 25-11218, and 25-11219 into a 442.6 acre combined place of use. The applicant also seeks to move approximately 4 acres from the SENE, Section 26, 05N, 37E, to cover approximately 4 acres located in the NENW, Section 27, 05N, 37E.

### **Authority to File:**

The applicant, RT Kandler LLC, is the current owner on record of the water rights. According to Jefferson County parcel maps data, the applicant is the owner of both the current and proposed places of use. The transfer application was signed by Carl Taylor who is an authorized representative for RT Kandler LLC.

### **Water Right Validity:**

The rights proposed to be transferred were decreed in the SRBA in 2006 and 2008. Aerial photography show consistent irrigation. Forfeiture is not an issue.

### **Injury to Other Water Rights:**

Other water rights will not be injured due to the proposed change. The place of use of the water rights are simply being combined and rearranged. Neither the points of diversion nor the quantity authorized to be diverted will change as a result of the transfer. Since it is clear that the proposed change will not adversely affect other water rights, this application will not require public notice. However, the watermaster will have the opportunity to review the application prior to transfer approval.

### **Enlargement of Use:**

The proposed change will not result in enlargement because neither rate, nor volume, nor irrigated acreage will increase as a result of the transfer.

### **Local Public interest:**

No issues identified.

### **Beneficial Use/Conservation of Water Resources:**

No issues identified.

### **Effect on Economy the Local Area:**

No issues identified.

### **Effect on Agricultural Base of the Local Area:**

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
