RE: Water Rights Permits 37-8220, 37-8686 and 37-8831

Dear Water Right Holder:

I am writing to you about Water Right Permits 37-8220, 37-8686 and 37-8831. The permits being reviewed for licensing, which is the final confirmation that a water right has been established. Before the Department of Water Resources can issue a water right license, the permit must be amended to depict the water right as it was actually developed. By issuing a license, the Department confirms the extent of development that has been established in compliance with the terms of the permit. Changes that do not increase the authorized use of water under the permit can be requested and approved in accordance with Section 42-211, Idaho Code.

The enclosed Application for Amendment forms depict the place of use and other information as they will appear on the licenses when they are issued. Please review the amendment forms carefully. If you concur with the information presented, please sign the forms and return them with the \$300.00 (\$100.00 each) filing fee by March 29, 2017.

If you have any questions about this information, please contact me at 208-287-4881 or sandra.thiel@idwr.idaho.gov.

Sincerely,

Sandra Thiel
Sr. Water Resource Agent
