3. The Director of the Idaho Department of Water Resources has reviewed the application for compliance with the Water Supply Bank rules and has approved the Lease subject to conditions listed below.

NOW, THEREFORE, in consideration of the mutual covenants and contracts herein contained, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. **WATER RIGHTS:** The Lessor shall lease and the Board shall accept into the Bank the Applicant's water rights described as follows:

ADDITIONAL CONDITIONS OF ACCEPTANCE

1. The water rights referenced above will be rented from the bank at the current rental rate.
2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.
3. While a right is in the bank, the lessor may not use the right without approval of the Department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B.
4. A right accepted into the bank stays in the bank until the Board releases it, or the lease term expires. A right may be released from the bank upon request, provided the Board approves the release. Unless approved by the Department, leased rights may not be immediately available for release.

7. Failure of the right holder to comply with the conditions of acceptance is cause for the Director to rescind acceptance of the lease.
8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.

10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 67.

Narrative: The Department received this application on December 27, 2017. Mark Martin Lively, current owner, signed the application and wishes to place the entire right in the Bank for the 2017-2021 season. Aerial photography indicates that no irrigation took place in 2017. This right was decreed in 2008 and placed in the Bank by the previous owner, Cuddy Meadows Ranch, 2011-2015. Forfeiture is not an issue. Mr. Lively bought the property in 2014 and was conveyed the water right through the warranty deed. There are 3 acres located in T16N, R04W, Section 15, NESW, that are not owned by Mr. Lively. These 3 acres have other water rights that are appurtenant. 67-10172 & 67-10173. It appears Cuddy Meadows Ranch claimed these 3 acres in the SRBA and they were decreed to them but they didn't own these 3 acres. When the water right was conveyed to Mr. Lively, those 3 acres were severed from the land. Therefore, there isn't an enlargement issue if these acres are rented. This right is currently within WD 67.

Hi Candice,

Hope you doing well.

I am writing to get confirmation on the intended lease dates for Mark Martin Lively, WR 67-197.

The Lease Application that was submitted has the years 2017 – 2022. The years are counted by seasons so five seasons would be 2017 - 2021.

The Lease option dates for five seasons for Mr. Lively would be

OPTION 1. 2017 - 2021

OPTION 2. 2018 – 2022.

Let me know which option would work best for Mr. Lively for his W/R 67-197 to be leased in the Water Supply Bank.
