AGREEMENT FOR PURCHASE AND SALE OF WATER RIGHT

THIS AGREEMENT FOR PURCHASE AND SALE OF WATER RIGHT (this "Agreement") is made and entered to be effective as of the ____ day of October, 2017 (the "Effective Date"), by and between **Gary Summers and Shannon Summers**, husband and wife, whose address is 1177 E. 9th N., Rexburg, Idaho 83440 (hereinafter "Seller"), and **Corey Chivers and Vanessa Chivers**, husband and wife, whose address is 46 Hillcrest Avenue, Summit, New Jersey 07901 (hereinafter "Buyer"). Buyer and Seller are individually a "Party" and together the "Parties".

RECITALS:

- A. Seller owns Water Right No. 22-14026 (the "Water Right"), which was decreed on November 24, 2008 in the Snake River Basin Adjudication by the District Court for the Fifth Judicial District of Idaho for irrigation purposes with a priority date of June 19, 1961. The Water Right is more fully described in the report obtained from the Idaho Department of Water Resources ("IDWR" or the "Department") attached hereto as **Exhibit 1**.
- B. Seller desires to sell, and Buyer desires to buy, a 10-acre portion of the Water Right. Buyer has agreed to purchase the Water Right from Seller as set forth in the terms and provisions of this Agreement.

AGREEMENT:

IN CONSIDERATION of the mutual representations, warranties, and covenants contained herein, the Parties, intending to be legally bound hereby, agree as follows:

1. Property Purchased. Seller hereby agrees to sell to Buyer, and Buyer agrees to buy from Seller, on the terms and conditions herein specified, the following-described portion of the Water Right.

Source:	Ground water
Purpose:	Irrigation
Priority:	June 19, 1961
Quantity (Diversion Rate):	0.12 cfs of the total authorized 2.45 cfs
Quantity (Volume):	30 acre-feet per annum
Place of Use (Acreage):	10 acres of the 202.3 authorized acres identified on Exhibit 2 .

The above-described portion of the Water Right is referred to hereafter as the "Purchased Water Right."

2. Property Retained. Other than the Purchased Water Right, Seller reserves and retains unto Seller all portions of any other water rights that may be appurtenant to the authorized place of use for the Water Right. No land, easements, or other property interests, other than the Purchased Water Right, are included in this Agreement.
3. Purchase Price. The purchase price for the Purchased Water Right is [REDACTED] Dollars [REDACTED] (the "Purchase Price").
4. Earnest Money Deposit. Contemporaneous with the execution of this Agreement, Buyer shall deliver to Seller earnest money in the amount of 10% of the Purchase Price, which is [REDACTED] (the "Earnest Money"). The Earnest Money shall be applied towards the Purchase Price at closing, or otherwise disposed of as provided herein.
5. Transfer Application. Within 30 days after both Parties sign this Agreement, Buyer will file with IDWR an *Application for Transfer of Water Right* (the "Transfer") to amend and move the Purchased Water Right to Buyer's desired location. The Parties will cooperate in obtaining IDWR approval of the Transfer, and will provide and execute any necessary documents requested by IDWR. Buyer will be responsible for the costs to file the Transfer, including all attorney fees, consultant fees, and filing fees associated with preparation of the Transfer. In the event this Agreement is terminated pursuant to paragraph 6 of this Agreement, Buyer shall at its sole expense take such action as may be required to void or reverse the Transfer in order to return the Purchased Water Right to the condition it existed on the Effective Date, upon completion of which the Earnest Money will be returned by Buyer within 14 days of such completion.
6. Transfer Contingencies.
 - (a) No Protests. If no protests or other objections to the Transfer are filed with IDWR, but the Transfer is (i) denied, (ii) approved by IDWR for less than 10 acres, or (iii) approved by IDWR with conditions that materially devalue the Purchased Water Right for Buyer's intended use thereof; then Buyer may terminate this Agreement within 14 days after the date of the IDWR approval notice by providing written notice of termination to Seller. Within 14 days of receipt of the notice of termination, Seller shall refund the Earnest Money to Buyer. If Buyer does not terminate this Agreement as provided herein, the Parties shall proceed to Closing as set forth in paragraph 7.
 - (b) Protest Filed. If a protest or other objection to the Transfer is filed with IDWR, then Buyer may terminate this Agreement within 180 days after the protest is filed with IDWR. If Buyer does elect to terminate this Agreement, Seller shall refund the Earnest Money to Buyer within 14 days of receipt of the notice of termination.

7. Closing.
- (a) Water Bank Release. If necessary and prior to Closing, Seller shall undertake all necessary actions and file all necessary documents with the Department and the Idaho Water Resource Board to release the Purchased Water Right from the Idaho Water Supply Bank on or before April 15, 2018. If the Purchased Water Right is not released from the Idaho Water Supply Bank on or before April 15, 2018, Buyer may, in Buyer's sole and absolute discretion, terminate this Agreement, and in such instance, the Earnest Money shall be returned to Buyer within 14 days of receipt of notice of termination.
 - (b) Closing Date. If (1) no protest to the Transfer is filed with IDWR; and (2) Buyer does not exercise the contingency set forth in paragraph 6(a) of this Agreement; and (3) the Idaho Water Supply Bank release is obtained prior to April 15, 2018, then Closing on the Purchased Water Right shall occur within 30 days after the date all of the above three items are satisfied. If a protest or other objection to the Transfer is filed with IDWR and Buyer does not exercise the contingency set forth in paragraph 6(b) of this Agreement, the Closing shall occur with 14 days after the 180-day termination period expires. Notwithstanding the above, the Parties may mutually agree to another date for the Closing.
 - (c) Closing Location. The Closing shall occur at the offices of Holden, Kidwell, Hahn & Crapo, P.L.L.C, or at another location mutually agreed by the Parties.
 - (d) Documents to be Delivered at Closing.
 - (1) At Closing, Buyer shall deliver the Purchase Price less the Earnest Money.
 - (2) At Closing, Seller shall deliver to Buyer the Special Warranty Deed (the "Deed") substantially in the form attached to this Agreement as **Exhibit 3** for the Purchased Water Right, and any lien release or other documents reasonably requested to confirm the conveyance of the Purchased Water Right free and clear of encumbrances.
 - (e) Fees and Costs of Closing. The cost of recording the Deed after Closing shall be paid by Buyer. All other expenses not specifically referenced in this Agreement but related to the Transfer and incurred by Seller or Buyer with respect to this transaction shall be borne and paid exclusively by the Party incurring the same, without reimbursement.
8. Default. In addition to either Party's failure to perform any material term or condition of this Agreement or a Party's breach of any of such Party's representations or warranties (in which event the non-defaulting party may pursue any available remedy, including equitable relief), Buyer shall be deemed in default hereof if Buyer files a petition in bankruptcy or is adjudicated bankrupt or insolvent, Buyer makes an assignment for the benefit of its creditors, or consents to the appointment of a receiver of itself or of its

property, or institutes proceedings for its reorganization, in which case, in addition to any other remedies or rights Seller might have, Seller shall have the power and authority to notify the Department that the Application for Transfer has been withdrawn.

9. Seller's Representations and Warranties. Seller hereby represents and warrants to Buyer, as of the Effective Date and again as of the Closing as follows:
 - (a) Authority. Seller has the full legal right, power and authority to enter into and perform this Agreement, and will obtain good marketable title to the Purchased Water Right in fee simple, and Seller (at its expense) shall remove, or shall exercise commercially reasonable efforts to cause to be removed, all liens, claims, or encumbrances, whether of record or not, upon or affecting the Purchased Water Right on or before Closing. If, after exercising commercially reasonable efforts, the liens, claims, or encumbrances are not removed by Closing, Seller may terminate this Agreement.
 - (b) Conveyance. Seller shall then convey the Purchased Water Right free and clear of all liens, encumbrances and restrictions, except such restrictions on the use of water as may appear on the Water Right Report contained at **Exhibit 1**.
 - (c) Appurtenance. The Purchased Water Right is appurtenant to and has been beneficially used as the water source to irrigate its place of use and/or been properly preserved for future use consistent with Idaho law.
 - (d) Not Forfeited. No portion of the Purchased Water Right has not been forfeited or abandoned in whole or in part.
 - (e) No Representation or Warranty Concerning Suitability for Buyer's Intended Use. Seller has not made, and hereby makes, no representation or warranty to Buyer except as expressly contained in this Agreement.
10. Buyer's Representations and Warranties. Buyer hereby represents and warrants to Seller as of the Effective Date and again as of the Closing for the Purchased Water Right, as follows:
 - (a) Authority. Buyer has the legal power, right and authority to enter into this Agreement and to perform Buyer's obligations hereunder.
 - (b) Buyer's Due Diligence. Buyer and Buyer's consultants and counsel have had a full opportunity to review all documents, records and other information made available to Buyer by Seller and/or otherwise reasonably available to Buyer through public or other sources, related to the nature and extent of the Purchased Water Right, the laws and rules affecting their transfer and use by Buyer, and the suitability or fitness of the Purchased Water Right for Buyer's intended purposes.
11. Warranties to Survive Closing. All representations and warranties made by the Parties herein are also covenants, and each Party shall take all such actions as may be required to satisfy said covenants and to cause the representations and warranties to be true on and as

of the Closing. The Parties' respective obligations to close and consummate the transaction contemplated herein are contingent upon the representations, warranties and covenants contained in this Agreement being true, valid and satisfied on and as of the Closing. All such representations and warranties shall survive the Closing.

12. Miscellaneous.

- (a) Attorneys' Fees. If either party commences any legal action or proceeding to enforce any of the terms of this Agreement (or for damages because of an alleged breach hereof), the prevailing party therein shall be entitled to recover from the other, in addition to any other relief granted, its reasonable attorney's fees, costs and expenses incidental to such legal action.

Transfer No. _____

**APPLICATION FOR TRANSFER OF WATER RIGHT
ATTACHMENT WSB:
TRANSFERRING WATER RIGHTS LEASED TO THE WATER SUPPLY BANK**

Approval of a transfer application will not impact the terms of a Water Supply Bank Lease Contract. Any transferred water right or portion of a water right that is leased to the Water Supply Bank (Bank) shall remain unused while the lease is active.

If the transfer proposes to relocate the place of use of an irrigation water right, and the relocated acres include land currently idled due to a Bank lease contract, the applicant is required to identify the areas that will be idled at the new place of use for the duration of the lease contract. The acres to be idled should be clearly identified on the map created for Attachment 7B of the transfer application. The applicant should confirm the map is attached when completing the table below. If the leased portion of the place of use is not proposed to be relocated, a map is not required.

A Bank lease contract shall remain in effect until it expires, a new lease proposal is processed to replace it, or the water right is released from the Bank through written confirmation issued by the Water Resource Board. If the proposed transfer is approved, the water right owner will be provided sufficient time to allow the lease contract to expire before beneficial use of water at the new place of use will be expected. Meanwhile, water rights leased to the Bank are protected from forfeiture for the duration of the lease contract.

Water right owners who would like to adjust the terms of their lease contracts can either submit a new lease proposal on an Application to Lease a Water Right to the Water Supply Bank form, or they can request early termination of their lease contracts by completing a Request to Release a Water Right from the Water Supply Bank form. If a water right is leased to the Bank, and it is currently being rented from the Bank, the lease cannot be reduced or terminated until the rental agreement concludes. A request to release a water right or to submit a new lease application should be sent to the Department's state office. To find out if there are any rentals associated with a leased water right, please call a Bank representative at the Department at 208-287-4800.

In the table below, please provide the requested information for any water right that is both proposed for transfer and leased to the Bank. The information needed to complete this table can be found in your Bank lease contract. A copy of your lease contract can be obtained using the 'Search Water Rights' option on the Department's internet page at www.idwr.idaho.gov or by contacting any Department office.
