Narrative			
No new issues or notes to add since last lease approval in 2015, this application filed on December 22, 2017 for the 2018-2022 term., mc			
The place of use is serviced by the municipal rights of the City of Ammon and the Progressive Irrigation District. The application states that the POU will continue to be irrigated from the City of Ammon. By looking at aerial photography, it appears that approximately 1/2 acre is being irrigated at this location.			
This right falls outside of the ESPA Common GW area, but within the Model Grid boundary shape.			
This right was decreed in 2005. The applicant filed an extension of time to avoid forfeiture in 2010. The evaluation of this extension found that the last beneficial use was 9/30/2005. Resumption of use was due on September 30, 2015, application was received on September 29, 2015. Forfeiture is not an issue.			
However, the applicant will need to resume use immediately upon release from the bank to avoid forfeiture.
