9. The right holder shall make full beneficial use of all surface water available to the right holder for irrigation of lands within the authorized place of use for this right. The right holder may divert ground water under this right to irrigate land with appurtenant surface water rights when the surface water supply is not reasonably sufficient to irrigate the place of use for this water right or is not available due to drought, curtailment by priority, or the seasonal startup and shutoff or maintenance schedule for canal company deliveries. The right holder shall not divert ground water for irrigation purposes under this right if use of the surface water supply is intentionally discontinued or reduced (for example abandoned, forfeited, sold, disallowed by court decree, or leased to the Water Supply Bank), or is not deliverable due to non-payment of annual assessments, without an approved transfer pursuant to Section 42-222, Idaho Code, or other Department approval.
 10. The right holder shall accomplish the change authorized by this transfer within five years of the date of this approval.
 11. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
 12. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as determined by the Snake River Basin Adjudication court in the final unified decree entered 08/26/2014.

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

Date: January 2, 2018
To: Transfer 82012 File
From: Bill Mills
Re: Evaluation of Sufficiency of Information Submitted

Application for transfer proposes moving a 1.73 cfs, 92.7 acre portion from ground water right 43-2444 to another farm where the transferred water is proposed to be diverted from three existing wells. The transfer also proposes updating the legal description for one well to better describe the actual physical location of the well. Currently, the well is described as in the SWSWSW of Sec. 16, Twp 14S, Rge 27E but is physically located in the SESWSW of Sec. 16. The 10 acre tract description will be dropped to a 40 acre tract description (i.e. SWSW) on all three wells and 6 ground water rights in this transfer which will resolve this issue. Proposed PODs and POU are located approximately 7.0 to 8.0 miles south and 2.8 to 3.8 miles east of Malta. The 92.7 acre portion proposed to be transferred is currently used on a farm located approximately 4.5 to 8.0 miles south and 0.1 to 2.7 miles east of Malta. Transferred water is being moved in to offset expansion acres that are being curtailed under water right 43-13543 (142.7 acres). In the 2017 irrigation season, 47.6 acres of the expansion right were curtailed and “replaced” by transferring in sufficient ground water to cover 50 acres. This transfer will offset the remaining 92.7 acres scheduled to be curtailed in the 2018 and 2019 irrigation season.

The transferred ground water will overlap 5 ground water rights: 43-13543; 43-13605; 43-13774; 43-13775 and 43-13783 within a 525.5 acre permissible place of use (PPU). When combined all rights are limited to 0.02 cfs per acre and 4.0 acre feet per acre.

PODs and POUs are all located in Water District 143 and watermaster comments were solicited and the watermaster did not oppose approval of this transfer application.

- **Authority to File:** IDWR records indicate the applicant currently owns all water rights and properties involved in the transfer.
- **Water Right Validity:** All water rights in the transfer were decreed in the SRBA on 6/28/2002. Recent aerial photography indicates that the properties associated with this transfer appear irrigated.
- **Injury to Other Water Rights:**
None anticipated.
- **Enlargement of Use:**
None anticipated.

- **Local Public Interest:**
No issues anticipated.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.
- **Effect on the Economy of the Local Area:**
None Anticipated.
- **Effect on Agricultural Base of the Local Economy:**
None Anticipated.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing
