SMITH and VERA SMITH, husband and wife, of New Meadows, Idaho, hereinafter referred to as the "Grantees", the parties of the second part,

WITNESSETH, That, WHEREAS, at all times subsequent to its reorganization as a Class B School District, the District, by virtue of law, has owned, and at all times subsequent to 1910, the District and its immediate predecessor in interest, namely former Common School District No. 9, of Adams County, Idaho, have owned the following described premises and property, situated in the unincorporated community of Meadows, in Adams County, Idaho, to-wit:

Block Fifteen (15) of the original Townsite of Meadows, Adams County, Idaho, as said Block is numbered and designated on the official Plat of said Townsite, on file in the office of the County Recorder of Adams County, Idaho, Book 1 of Plats, page 14. Said Block consists of 24 numbered Lots, each fronting 25 feet on platted streets. Said premises are improved with a Two (2) story, brick building, formerly used for public school purposes.

Being the site and location of the former school known as the "Meadows School".

And, WHEREAS, as appears of record in its official minutes and records, the Board of Trustees of the District heretofore and on August 14, 1972, determined that the before described school premises and property were no longer required or necessary for any School District, or other public, use, and on that date, ordered the before described school premises and property to be noticed and offered for sale in manner provided by law and directed that said premises and property be appraised by three (3) competent and disinterested appraisers, duly appointed by the Board of Trustees: and

WHEREAS, An appraisal of said school premises and property having been made, returned to and filed with the Board of Trustees, the District did, on September 14, 1972, order the before described school premises and property to be noticed by the clerk of said School District for sale upon written bids or offers to be submitted

RE: Notice of Ownership Change in Water Right No. 78-10100

Dear Applicants:

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right to you. The Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

Water rights 78-209B, 78-210B & 78-211B cannot be changed at this time without further documentation. A letter was sent on November 17, 2017 informing you that the deed provided to the Department did cover the entirety of the place of use (POU) for the above mentioned water rights. The rights would need to be split unless further documentation could be submitted showing ownership of the entire POU. A response was not received by the Department, so a \$75.00 refund will be submitted to be sent to you under separate cover. I have included a copy of the previous letter along with a map and parcel info for your reference.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

If you have any questions concerning the enclosed information, please feel free to contact this office at 208-334-2190.

RE: Notice of Ownership Change in Water Right No's:

78-209B, 78-210B, 78-211B & 78-10100

Dear Applicants:

The purpose of this letter is to request clarification regarding the above referenced application.

The deed that you provided does not cover the entire place of use (POU) for water rights 78-209B, 78-210B & 78-211B for irrigation use. The following items must be completed for the processing of your ownership change to continue.

If you **do** own the entirety of the water right, please complete the following:

- Submit a deed conveying ownership of parcel RP002900003501. Based on the information reviewed by the Department, the parcel appears to be owned by Mark Dale Smith. Please see the included map and proof reports for each water right for reference.

If you **do not** own the entirety of the water right, please complete the following:

- Submit \$225. The filing fee for a Notice of Change in Water Right Ownership is \$25.00 per undivided water right or a fee of **\$100.00 per split water right**. The \$100 originally submitted with the application would be applied to the total.

If you have any questions concerning the enclosed information, please feel free to contact this office at 208-334-2190.
