Re: Insufficient evidence for Change in Ownership for water right no(s) 81-10146, 81-10151, & 81-10152

Dear Water Right Holder,

On January 16, 2018 the Department received a change in ownership for the above referenced water rights along with a copy of the warranty deed. Because the warranty deed has not been notarized, and does not contain the legal description of the property, the Department cannot process the ownership change.

In order to process the ownership change, please submit a copy of the notarized warranty with the attached legal description within 30 days of the date of this letter. If the Department does not receive the complete warranty deed within 30 days, we will issue a refund for the \$75 filing fee and return all documentation at that time.

If you have any questions, please contact our office.

Sincerely,
