Re: Change in Water Right Ownership: 75-14709 (Split into **75-14709** and 75-14890), 75-14711 (Split into **75-14711** and 75-14891), and 75-14713 (Split into **75-14713** and 75-14892)

Dear Water Right Holder:

We have received and processed a Change of Ownership for a portion of your original Water Rights as referenced above. This change of ownership resulted in a split of your original water rights.

When a portion of the original water right has been conveyed to another and the original right has been split, a new water right number is issued to the new owner representing their portion of the original water right. Each water right contains only the portion of the original right for each separate owner. The original water right number reflects your remaining portion of the water right after the change of ownership. Enclosed is a copy of this water right for your records. Please refer to your water right number when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

If you have any questions concerning this ownership change or the enclosed information, please contact me at 208-287-4920.

Sincerely,

Debbi Judd

Dear Water Right Holder:

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water rights to you. The Department has modified its records based on the information received to reflect the change in ownership and has enclosed a computer-generated report for your records.

Your portion of these water rights has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under these rights, including adding a new point of diversion, then an Application for Transfer on your portion of these rights is required. Please contact this office for further information on the Application for Transfer form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water rights, then no further action is required at this time.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Also note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within **120 days** of the change.

Please feel free to contact me at 208-287-4920 if you have any questions concerning the enclosed information or this letter.

RE: Notice of Change of Water Right Ownership for Split of Water Right Nos. 75-14709, 75-14711, and 75-14713 Submitted on Behalf of Nancy Linell Bills.

Dear Jonie:

Enclosed for processing is a *Notice of Change of Water Right Ownership* for the above referenced water rights, which, by condition, are collectively limited to the irrigation of 14.7 acres. The water rights are currently in the name of Dona Barsalou. We have enclosed a copy of a *Personal Representative's Warranty Deed*, recording as Instrument No. 299272 on the records of Lemhi County, Idaho, wherein the Estate of Dona Barsalou conveyed Lot 1 of the Broken Bone Subdivision to Barbara Kay Slavin and William George Slavin. Within a couple of weeks of obtaining title to the aforementioned Lot 1, the Slavins conveyed title to the same property to Nancy Linell Bills.

The parcel number assigned to Lot 1 of the Broken Bones Subdivision of Lemhi County is Parcel No. RP002150000010. We have enclosed a map that shows that the property boundary of Lot 1 covers a majority portion of the shape file for the above-described water rights. Based upon our calculations, Lot 1 covers 10.25 acres of the 14.7 acre place of use of all three water rights, which equates to a percentage of 69.73% of the acreage. Based upon these calculations, it is our determination that 0.19 cfs of Water Right 75-14709, 0.07 cfs of Water Right 75-14711, and 0.06 cfs of Water Right No. 75-14713 should be split to Linell. However, we fully anticipate that you will verify our calculations and perform your analysis to determine the appropriate split amounts. If you disagree with our calculations, please let me know.

Additionally, we have included a total filing fee of \$300.00 for the split water right as required.
