Telephone Email
4. If the water rights and/or adjudication claims were split, how did the division occur?
☒ The water rights or claims were divided as specifically identified in a deed, contract, or other conveyance document.
☐ The water rights or claims were divided proportionately based on the portion of their place(s) of use acquired by the new owner
5. Date you acquired the water rights and/or claims listed above: August 31, 2015
6. If the water right is leased to the Water Supply Bank changing ownership of a water right will reassign to the new owner any Water Supply Bank leases associated with the water right. Payment of revenue generated from any rental of a leased water right requires a completed IRS Form W-9 for payment to be issued to an owner. A new owner for a water right under lease shall supply a W-9. Water rights with multiple owners must specify a designated lessor, using a completed Lessor Designation form. Beginning in the calendar year following an acknowledged change in water right ownership, compensation for any rental will go to the new owner(s).
7. This form must be signed and submitted with the following **REQUIRED** items:
☒ A copy of the conveyance document – warranty deed, quitclaim deed, court decree, contract of sale, etc. The conveyance document must include a legal description of the property or description of the water right(s) if no land is conveyed.
☒ Plat map, survey map or aerial photograph which clearly shows the place of use and point of diversion for each water right and/or claim listed above (if necessary to clarify division of water rights or complex property descriptions).
☒ Filing fee (see instructions for further explanation):
 o \$25 per undivided water right.
 o \$100 per split water right.
 o No fee is required for pending adjudication claims.
☐ If water right(s) are leased to the Water Supply Bank AND there are multiple owners, a Lessor Designation form is required.
☐ If water right(s) are leased to the Water Supply Bank, the individual owner or designated lessor must complete, sign and submit an IRS Form W-9.

Re: Notice of Change in Water Right Ownership No: 65-2515A, 65-2515B, 65-4033, 65-7361, 65-22616, 65-22617, 65-7417, and 65-3181

<i>Original Water Right Number:</i>	<i>Split into Water Right Numbers:</i>
65-2515A	65-2515A and 65-23718
65-4033	65-4033 and 65-23720
65-7361	65-7361 and 65-23721
65-22616	65-22616 and 65-23722
65-22617	65-22617 and 65-23723
65-7417	65-7417 and 65-23724
65-3181	65-3181 and 65-23725

Dear Water Right Holders:

The Department has received and processed a Change of Ownership for a portion of your original Water Rights as referenced above. This resulted in a split of water rights 65-2515A, 65-4033, 65-7361, 65-22616, 65-22617, 65-7417, and 65-3181.

When a portion of the original water right has been conveyed to another and the original right has been split, a new water right number is created to represent the portion obtained by the new owners. For your records a poof report and map depicting the place of use (POU) and the point of diversion (POD) for **65-2515A, 65-4033, 65-7361, 65-22616, 65-22617, 65-7417, and 65-3181** are enclosed. Please refer to your new water right numbers when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Your portion of these water rights has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under these rights, including adding a new point of diversion, then an Application for Transfer on your portion of these rights is required. It is possible you may need a transfer for your point of diversion. Please contact this office for further information on the Application for Transfer

form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water rights, then no further action is required at this time.

If you have any questions concerning the enclosed information or this letter, please feel free to contact this office at (208) 334-2190.

Sincerely,

Dear Water Right Holders:

We have received and processed a Change of Ownership for a portion of the original Water Right as referenced above. This required a split of the original water right.

When a portion of the original water right has been conveyed to another, a new water right number is created to represent the portion obtained by the new owners. For your records proof reports and map depicting the place of use (POU) and the point of diversion (POD) for 65-2515B, 65-23718, 65-23720, 65-23721, 65-23722, 65-23723, 65-23724, and 65-23725 are enclosed. Please refer to your new water right numbers when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Your portion of these water rights has a specified point of diversion, nature of use and place of use.
